Pathways to College Credit

Wednesday, March 25, 7:30 to 9:30 am

St. Mary's Regional Medical Center, LePage Conference Center
99 Campus Avenue, Lewiston

[College for ME- Androscoggin](#) (C4ME-A) and the [Next Step Maine Employers' Initiative](#) invite you to attend an Employer Breakfast, **Pathways to College Credit**, to learn more about the many ways your employees can earn college credits, including translating both life learning and company training into college credit.

Representatives from local colleges and universities will talk about “harvesting” credits through for-credit training, credit transfer, testing out of course work, and utilizing prior learning assessment (PLA). You will learn:

- real-world examples of how adult students can earn college credits
- how your internal and external trainings can turn into earned credits
- how you can support employees in gaining prior learning credits
- how employees can reduce the time and cost of college-going

This event is a great opportunity to network as you learn more about college opportunities for employees that can also serve as valuable employment incentives and recruitment tools!

There is no fee to attend, but registration is required by March 18.

7:30 am Networking
8:00 to 9:30 am Panel presentation and discussion

Light breakfast will be available.
